

HEARTLAND SPEED FREAKZ SPRING PYLON RACE

Saturday & Sunday, May 11-12, 2024
Lake Afton Flying Field, Goddard, KS

Once again, it's time for HSF's annual season opener! Each event will be completed in one day's flying, so if you can only make it for one day, come on out! A fast time trophy will be awarded for each event.

*AMA 424 will include electric power systems, per the latest AMA rule revision. Newbie pilots (whether using electric or glow) **may** be given a 1-lap advantage, in the CD's totally cruel, arbitrary and unreviewable discretion. 😊*

***Rule variation, all events:** If you receive both a "turn" light signal and a "cut" penalty on the same lap, the "cut" will prevail.*

Racing Classes: **AMA 424 & 426 (Sat)**
AMA 422 (Sun)

Club: Heartland Speed Freakz

Site: Lake Afton Flying Field, Goddard, KS

Fuel: Ritch's Brew 15% will be provided

Schedule:

Test Flying: 8:00 am - 9:15 am

Pilots' Meeting: 9:15 am

First Heat: 9:30 am

5 rounds ea. class/day minimum

Entry Fee:

\$50 per pilot, per event for 426 & 422

\$35 per pilot for 424

Entry fee is payable by cash or check only.

All entrants must have current AMA membership card.

FRIDAY 5/10 IS A PRACTICE DAY. WE'LL PUT UP THE PYLONS AT NOON.

**DUB JETT HAS GRACIOUSLY PROVIDED
AN AMA 426 RACING ENGINE FOR A
RAFFLE PRIZE. EACH PAID ENTRY GETS
YOU A CHANCE TO WIN IT!**

Contest Director: Duane Gall, (720) 308-0173. Please pre-register by emailing Dgall@q.com

Lake Afton Flying Field

GPS Coordinates: 37° 36' 38" N - 97° 37' 58" W

Lake Afton Park is located west of Wichita and south of Goddard at 25313 W. 39th St. South and is governed and controlled by the Sedgwick County Parks Dept. The flying field is located on the west side of the lake and has been open to the public for sport and hobby model flying since 1985. In 1992 the Wichita Radio Control Club erected a field shelter and donated it to the park.

The County requires that all flyers provide proof of insurance on demand. AMA membership fulfills this requirement. Field rules are posted on the west side of the flying field shelter.

The field is open for flying year-'round, 9 am to dusk, except during scheduled events such as car shows, go-cart races, and sanctioned flying events. For more information, check the WRCC calendar or the [Lake Afton Park website](#) . You may telephone Lake Afton Park at (315) 794-2774 for more up-to-date information on events that might prevent model flying.

From the Wichita Mid-Continent Airport, take US-54 / 400 Highway (Kellogg Street) approximately 12 miles west to 263rd Street West (look for mile marker 199). Turn south and travel 3 miles to the stoplight. Turn east and proceed 1/2 mile to the park entrance, then south through the park approximately 1/2 mile to the flying field.
